#Everyday.Cleanliness.

Brand Mission and Vision Statement.

MISSION:

To deliver effective, eco-friendly cleaning solutions that enhance everyday life, empowering communities through quality and trust.

Vision:

To be Ghana's leading provider of innovative, sustainable detergents that transform cleanliness and enrich lives.

#Everyday Cleanliness.

Brand Colour

YELLOW (#f9c642)

ORANGE (#de5e1f)

ORANGE conveys energy, affordability, and warmth. For a detergent brand, it suggests vitality and effectiveness of the cleaning product, making the brand feel approachable and dynamic.

YELLOW represents optimism, cleanliness, and attention-grabbing freshness. It reinforces the idea of bright, effective cleaning and adds a cheerful, trustworthy vibe to the Andrey brand.

#Everyday Cleanliness.

Typography (Fonts Used)

Montserrat: Used for body text. Montserrat is a modern, sans-serif font with a clean and geometric look. It's highly readable and conveys a sense of professionalism, making it suitable for body text.

Galante: Used for Heading text. Galante is a serif font with a classic feel, promoting readability in longer paragraphs. It adds a touch of elegance and sophistication to the document.

Montserrat's modernity and Galante's classic feel balance each other, reflecting the brand's blend of innovation and reliability.

About Logo Design

1. Overall visual impression on Logo Design

The logo presents a simple, modern icon combined with tailored typography on an orange (#de5e1f) background. The design conveys a clean, energetic brand identity focused on detergent and soap products.

2. The bucket (central icon)

Shape: A white, trapezoidal container resembling a bucket or laundry tub.

Meaning: Represents a cleaning vessel used for washing clothes or dishes, directly linking the brand to its detergent business.

#Everyday Cleanliness.

3. The “bubbles” (round elements above the bucket)

Appearance: Three white circles of varying sizes positioned above the bucket, the largest forming a smile-like arc. It symbolize soap bubbles generated during cleaning, indicating effective cleansing action and freshness.

4. The “bubbles” (round elements above the bucket)

Appearance: Three white circles of varying sizes positioned above the bucket, the largest forming a smile-like arc. It symbolize soap bubbles generated during cleaning, indicating effective cleansing action and freshness. The arrangement gives a friendly, approachable feel (the “smile” suggests satisfaction with the product).

#everyday.Cleanliness.

5. Composition & balance

The icon sits above the text, guiding the viewer's eye from the product representation to the brand name. Yellow dots beside "Andrey" echo the bubble motif, reinforcing the cleaning theme and adding decorative rhythm.

6. Brand message synthesized

The logo tells a concise story: _Andrey Company Limited_ makes effective cleaning products (soap & detergent) that fill everyday containers (bucket), produce cleansing bubbles, and provide scrubbing action (brush), all wrapped in an energetic, trustworthy brand personality expressed through the orange (#de5e1f) colour palette.

#Everyday Cleanliness.

Brand Tagline: Everyday Cleanliness.
Logo (unique design to be created, incorporating clean-line symbols of water/soap bubbles).

Executive Summary

ANDREY Company Limited aims to manufacture and sell assorted soaps and detergents to the general public, focusing on quality, affordability, and eco-friendly ingredients. The business seeks to capture a significant share of the local detergent market by offering superior cleaning products and strong brand identity.

Everyday Cleanliness.

Description of the business

The Company:

ANDREY Company Limited is a detergent production startup headquartered in Accra-Ghana, specializing in household and commercial cleaning products.

Everyday Cleanliness.

The Customers

Target market includes households, retail stores, and small businesses needing reliable soaps and detergents.

«Everyday Cleanliness»

The Product

Range of soaps (bar & liquid) and detergents (laundry & dishwashing) formulated for effective cleaning and skin safety.

#Everyday Cleanliness.

Competition and Business Strategy

Analyze local competitors (e.g., existing soap brands).
Strategy focuses on quality, branding (unique logo),
and affordable pricing.

#Everyday Cleanliness.

Marketing and Sales

Promote through local retailers, online ads, and branded packaging. Use the logo in all marketing materials for recognition (Instagram, Facebook, Twitter etc).

#Everyday Cleanliness.

Operations

Range of soaps (bar & liquid) and detergents (laundry & dishwashing) formulated for effective cleaning and skin safety.

#Everyday Cleanliness.

Company Personnel and Management

Company Personnel and Management team consists of a CEO, production manager, marketing head, and finance officer.

#Everyday Cleanliness.

Financial Data

Projected startup costs, sales forecasts, and break-even analysis (include raw material, labor, and marketing budgets).

#Everyday Cleanliness

Startup capital requirements:

Breakdown of initial investment for equipment (mixers, molds, packaging machines), facility setup, licenses, and raw material inventory.

Cost structure:

Detailed listing of fixed costs (rent, utilities, salaries) and variable costs (raw materials, packaging, transportation).

Revenue model:

Pricing strategy for each product line (soap bars, liquid soap, laundry detergent, dishwashing detergent) and projected sales volumes per month/year.

#Everyday Cleanliness.

Profitability analysis:

Gross margin, operating margin, and net profit projections for the first 3–5 years.

Break-even analysis:

Calculation of the sales volume needed to cover all costs and reach profitability.

Funding sources:

Planned financing mix (owner's equity, loans, potential investors) and repayment schedules.

Risk & contingency planning:

Financial risks (market fluctuations, raw material price changes) and mitigation strategies including reserve funds.

Everyday Cleanliness.

Legal & Regulatory Compliance

Registration of the business entity and necessary trade licenses. Compliance with local health, safety, and environmental regulations for chemical manufacturing. Product labeling requirements and quality certification (e.g., ISO or local standards).

#Everyday Cleanliness

Sustainability & Environmental Impact

Use of eco-friendly ingredients and biodegradable packaging aligned with the green corporate colour.

Waste management plan for production by-products.
Energy-efficiency measures in manufacturing processes.

Everyday Cleanliness.

Growth & Expansion Strategy

Plans for product line extension (e.g., specialized organic soaps).
Market expansion into neighboring regions or export opportunities.
Partnerships with distributors or retail chains for wider reach.

4#Everyday Cleanliness

Concluding Statement

ANDREY Company Limited is positioned to become a trusted detergent brand by delivering quality products and leveraging strong branding (logo & corporate colors) to drive market penetration and sustainable growth.
